

| EXC-W55CBH Multi-pixel LED Wall Washer        |   |
|---|---|
|   | Description   |
| Application Environment:<br>Indoor<br>Outdoor | <ul> <li>EXC-W55CBH full color series are high power outdoor landscape LED wall washer with high strength aluminum alloy housing by EXC-LED. EXC-W55CBH can be used for accent lighting or flood lighting, such as building facade, bridge, stage, etc. Customized lighting fixture length available.</li> <li>Features</li> <li>The newest generation technology: DMX512 parallel bus design</li> <li>Patented comb-like convection design ensure better heat dissipation</li> <li>Low thermal resistance path heat dissipation design</li> <li>Design of unique waterproof and ventilation</li> <li>Outdoor lighting protection and electrostatic discharge (ESD) protection design</li> <li>Projection distance: 1-5m</li> </ul> |
|   |   |

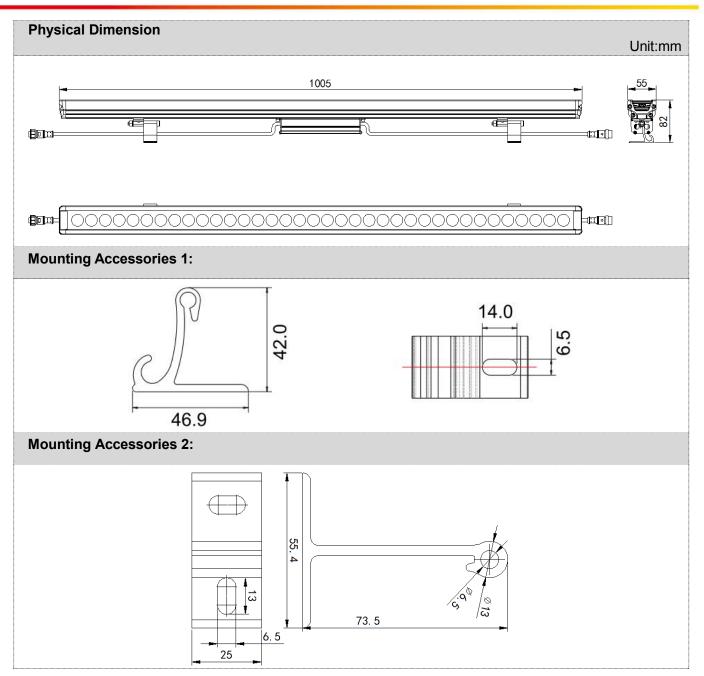

| <b>Basic Specifications</b> |   |
|-----------------------------|---|
| Color Range                 | RGBW,RGB, W(2200K-6500K)                      |
| Light Source                | 24/36 pcs LEDs                                |
| Working Voltage             | AC 220V                                       |
| Max. Power Consumption      | 36/48W(white), 54/60W(RGB), 48W(RGBW)         |
| Control                     | DMX512, ON/OFF                                |
| Segment                     | 1   |
| Grey Scale                  | 8bit, 16bit                                   |
| Source Life                 | 50,000 h                                      |
| RDM                         | Optional                                      |
| LED chip Brand              | Optional(Cree, OSRAM, Lumileds, Epistar, etc) |
| Housing                     | High Strength Aluminum                        |
| Cover                       | Tempered glass                                |
| Weight                      | 2.6KG   |
| Working Temperature         | -40°C to 60°C                                 |
| Storage Temperature         | -40°C to 70°C                                 |

## 聚焦LED点光源 专注LED景观照明 Focus on LED Pixel Light, Specialized in LED Landscape Lighting.

| Protection Rating            | IP66  |  |
|------------------------------|---|--|
| Efficiency flux              | ≥70LM/W(White),≥45LM/W(RGBW),≥30LM/W(RGB)   |  |
| Beam Angle                   | 12°,12*22°,16*50°,and other beam angle available  |  |
| Host Controller              | EXC-5200  |  |
| Slave Controller             | EXC-2905T1  |  |
| Signal Cable                 | EXC-LED outdoor special cable   |  |
| Light Intensity Distribution |   |  |
| Light Intensity Chart        | - CONTRO TRA<br>- CONTRO TRA<br>- CONTRO FRA<br>- |  |

## Installation Diagram

Step 1: Use M6 expansion screw and fix the mounting seat to the required position as shown. And specific spacing according to lamp length requirements.
Step2: Fix the screws.

## System connection diagram:

- 1, Host controller should connect with slave controller. Working voltage for controllers are AC220V.
- 2,On-line main controller should connect with slave controller, on-line main controller and sub controller working voltage are AC220V.
- 3,Each sub-controller with 8 ports, with each port 512 pixels, supporting data converter, supports 100 meters ultra-long haul transmission.
- 4, The CAT-5 e. cable distance should be within 100 meters between host controller and slave controller, between slave controllers and switch, etc.
